

The Federal Communications Commission

Dear The Federal Communications Commission,

I'm retired and on a small fixed income. This proposal unfairly taxes me.

It puts the phone cost burden on people who make many less calls than other companies & more wealthy people.

TO ME THIS IS JUST ANOTHER EXAMPLE HOW BIG BUSINESS IS GETTING ALL OF THE LEGISLATION BREAKS & RULE CHANGES THAT THEY WANT.

This BIG BUSINESS "tilt" needs to STOP!

It is inherently UNFAIR..!

I do not want to pay more for my telephone service! I may have to give up my phone. What with the horribly rising medical costs, I'm BARELY GETTING BY now as it is.

Please reject a flat fee proposal that would change how contributions are made to the Universal Service Fund.

I use my wireless phone for safety, security and convenience. I don't want to lose it so big businesses can dump part of their rightly FAIR SHARE on me.

I urge you to reject the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair!

Sincerely,

Walter Reed
